TRAINING METHODOLOGY

G-Tec Gensmart Academy uses a blended-learning approach in training, where concepts learned are practiced in real life scenarios. The main focus lies in multiple practice leading to confidence and hold on a particular concept or topic. Technology is seamlessly dove-tailed into the pedagogy, so that the 360-degree approach completes.

Salient features of the training methodology includes:

- Participative learning, which is learner-centric
- "Ask Not Tell" thereby making learners to open up, identify pitfalls, feedback and continuous correction
- Small and manageable Groups for proper and individual attention
- Use of AV and Technology components
- Use of Language Lab

The various components of the Training methodology involves:

- Student Guides – E-content & presentation slides
- Student Workbook – Worksheets for synchronous learning
- Language Lab Tab – Communication, presentations, role plays, GD
- Assessment – Mocks, Assessment through Worksheets
- Soft skills grooming
- Profiling – Creating skills matrix, Swot Analysis and Recommendation
- Interview Skills
